

Environment, Safety, Health and Quality

Expectation:

Achieve safe, compliant, quality performance by implementing an integrated environment, safety and health management system.

Status Update:

- More than 1,000 employees participated in a worker-developed workshop on the Integrated Environment, Safety and Health Management System and safe work planning.
- Fluor Daniel Hanford administrative staff surpassed the 4-million mark for safe hours worked.
- Numatec Hanford, the Fast Flux Test Facility team, and enterprise companies Fluor Daniel Northwest and Lockheed Martin Services, Inc., each continue to build on million-hour-plus records.

Since October 1996, workplace injuries are down 52 percent.

Environment, Safety, Health and Quality

Environment, Safety, Health and Quality

Status Update (continued):

- Workers' skin and clothing contaminations, on average, are down 72 percent since 1995.
